

COMPANY-OWNED MILL PROFILE

Please complete one profile for each operating company-owned mill.

MILL NAME

MILL PROFILE NUMBER

Species Fed:

Annual production (tons):

Current percent of operating capacity:

Feed form percent of total production

Pellets%

Meal%

Crumbles%

Operating Schedule

Days per week the mill is operating:

Hours per day the mill operates:

Automated Plant Control System? Yes No

If yes, who is the automation vendor?

What systems are operated? (Receiving, grinding, batching, pelleting, loadout, etc.)

Mixer size

Tons:

Cubic Feet:

Pellet Lines

Number of pellet lines:

Average production rate (tons/hour) each line and each mill:

Pellet mill manufacturer for each line:

Pellet Die

Die diameter

Effective die thickness

Roll pad width

Hole diameter

Feed Delivery

Delivery Units

Number of owned delivery units:

Number of contracted delivery units:

Average delivery distance from mill to animal site (round trip):

Delivery unit capacity (tons)

Average load size delivered per delivery (tons)

Average time to deliver a load (hours/minutes)

Feed delivery operating schedule

Days per week

Hours per day

Formulation/Ingredients

List of bulk dry ingredients used in feed production

List of ingredients used in super sacks/totes

List of liquid ingredients used in feed production

Imported Ingredients

Ingredient	Country of Origin	Normal Transit Time	Quarantined Before Use?		
			Yes	No	If yes, how long?
